

Summer 2018

Dear Parents,

Another fun summer is planned for your school aged children. As you know, we intentionally run a very small summer program, with participation limited to only 10-15 children. Everyone can always participate in all events and our trips can be spontaneous, based on the weather and our imagination. We seek only fun, friendships and laughter. In other larger summer programs, the children often feel pressured or competitive or are lost in a large group; not in ours. We just want the children to have fun, to be kids, to be creative and feel very relaxed. In short, we intend to just enjoy ourselves and have a great summer; one they will recall in their childhood memories. Laughter and excitement is what we want to hear.

Our Summer Program is designed to be a good old fashioned summer. Remember the days of playing in sprinklers and chasing each other with buckets of water or water sprayers? Remember the simplicity of playing hopscotch, having a hula hoop contest, drawing chalk on the ground, picnics on the grass, being spontaneous and setting up an impromptu tag game? Capture that feeling and hope that summer will never end. Just lie down on the grass, look up at the sky, enjoy the moment and imagine what animal shapes the clouds are forming.

We will spend as much time as possible outside, but have the fully air-conditioned classroom, when necessary for breaks, projects and cooling down.

Your children will have a variety of daily activities in which they will participate. We will organize a variety of daily fun activities;

- sports (soccer, basketball, kickball, obstacle courses, potato sack races and all sorts of creative tag and running),
- Arts and crafts (painting, projects, drama, music)
- Science -various hands on experiments, which will always awe any child.
- Natural History introduced by “The Nature of Things”- a variety of animals brought to the center by a naturalist. Chasing bugs, butterflies and caterpillars. Watching the Praying Mantis catch her dinner!
- We will organize nature walks in our own woods looking for rocks, collecting and studying bugs and amphibians, (be prepared for what they bring home!) and climbing the fallen trees.
- Cooking hotdogs and S’mores at a real campfire.
- To cool off on those hot days: water sprinklers, water shooters and much, much more!

We intend to take a variety of day trips; for example one of our favorites is a trip to historic Fort Montgomery and then, after throwing rocks in the river, a hike through the woods to Bear Mountain Zoo. Trips to the FDR Park pool and Sparkle lake, which the children have always enjoyed (along with the ice cream and hotdogs!), the bowling alley, which is fun on rainy days and several other nearby destinations, such as Tea Town, Muscoot Farm, The Castle, and several others. These trips are always such fun, full of friendships, laughs and silliness. We will make this summer very memorable and guarantee the most fun summer your kids have ever had and our 4 acres at Strawberry are the place for that. We know that your children will remember these summers forever.

We look forward to having your school aged child at Strawberry ECDC again this summer. Please fill out the attached form and return to the office as soon as possible.

## Enrollment Details for our Summer Program for School Aged children

This year the actual summer program will run from Monday, July 2nd, to Friday August 31st. (See below for information on the week of June 25<sup>th</sup>) Please note that this program is only for school aged children, including graduating Grapes. The other classrooms- Strawberry, Kiwi, Peach and Grape will continue their normal schedules.

Our rate schedule is below and is very flexible, subject to our ability to maintain the appropriate staffing/children ratios. You can choose the number of days and specific weeks you wish your child to attend. You will be billed weekly, in arrears, based on the actual days in attendance. To obtain the most favorable rates a minimum of 5 weeks enrollment in the summer program is required with a minimum of 3 days per week. For those enrolling for less than 5 weeks a separate fee schedule applies. (See below)

We will also provide care for school aged children during the week of June 25<sup>th</sup>. Please see the details below.

For the week of June 25<sup>th</sup> the following fees will apply. That week is already included in the Grape's June tuition fee. For others enrolled in the Summer Program, the week of June 25<sup>th</sup> will be billed at normal summer rates, as per below. For all others, who will not attend our Summer Program the rate for this week will be a flat fee of \$325 for the week.

For the weeks of August 20<sup>th</sup> and 27<sup>th</sup>, there will be a flat rate fee of \$325 per week for those who do not attend our Program. For those in the Summer program, the normal rates will apply.
